BLUEIO
A responsible future

"I'm looking forward to free skiing the most. Just GROOMERS; BIG wide GROOMERS making nice BIG turns." - Picabo Street

SkiCNY's multi-million dollar improvement campaign continues. Two brand spanking new Piston Bully Stage V 400's were delivered mid-season last year bringing the fleet total to **FOUR**.

These new state-of-the-art groomers replaced a couple older machines and their Tier V engines will realize significant fuel savings thereby substantially reducing CO2 emissions.

Of course, what really counts is the finished ski slope. These groomers are billed as, "The specialist for slope and snow-park preparation." They come equipped with an advanced Alpine Flex Tiller providing a seamless corduroy finish, perfectly groomed snow on the open slopes and in the terrain park, ensuring hours of skiing and snowboarding fun. **!! FRESH CORDUROY !!**

CLUB HOUSE NORTH
Private Locker Room At Labrador

The old Labrador locker room in the north end of the Main Lodge has been re-named, re-freshed, re-modeled, re-configured, and re-furnished! It is now a private up-scale locker room affectionately known as "**CLUB HOUSE NORTH**".

It comes with 12", 15", and 18" slope topped lockers that should accommodate skis up to 200cm +/- . It has a kitchen, a unisex lavatory, a sitting area with a TV and a gas fireplace, and a slope side deck,

all private, limited to those locker holders and their guests. Prices for these seasonal lockers vary by width of the lockers and date purchased. You provide your own lock.

We're very excited about this new Labrador locker area. With its central location convenient to the slopes, the Cafe, the Puffin Bird, and the parking area this new locker room is certain to sell-out fast. **RESERVE YOUR SLOT NOW!**

"You don't quit skiing when you get old.
You get old when you quit skiing!" - Unknown

Song and Labrador Mountains' management sincerely thanks our members of the National Ski Patrol who, day in and day out, are there to help make the sport of skiing and snowboarding safe for everyone involved.
